EntreComp for transition

Working towards a Green and Digital Future

Co-funded by the European Union

EntreComp for transition

EntreComp4Transition aims at developing **new, innovative, multidisciplinary approaches** to teaching and learning paving the way for the future 'Green Transition Facilitator' by **fostering an entrepreneurial mindset**, facilitating co-creation, and ensuring recognition of learning outcomes.

SPECIFIC OBJECTIVES

1. **Establish alliances** (Country Clusters), gathering HEIs, VET providers, SMEs to solve mismatches between education and the labour market in terms of entrepreneurial, digital and green skills.

2. **Develop a learning path for VET** supported by the EntreComp framework for entrepreneurial, digital and green skills (Open-access MOOC).

3. **To pilot the methodology**, learning path and MOOC.

4. **Ensure sustainability, scalability, replicability of the overall methodology**, setting out recommendations for policy-makers for necessary changes to support green transition.

01 MARKET ANALYSIS

to identify skills mismatches in entrepreneurial, green, and digital education and training.

02 NEW LEARNING PATH

open source and based on a blended methodology.

03 PILOT EXPERIENCE

to test the methodology with trainers and beneficiaries.

04 VALIDATION OF KNOWLEDGE AND PRACTICE

to identify skills mismatches in entrepreneurial, green, and digital education and training.

Paving the way for the 'Green Transition Facilitator'
